

## Charging Policy

Charging policy At Salisbury we try to keep charges to children and parents to a minimum. However, there are some items for which we must charge.

When children go on educational visits we ask for a contribution toward the outing, children will not be prevented from attending if they cannot contribute, but if we cannot cover the cost of the visit it will have to be cancelled.

When children lose books, or damage books beyond repair we ask for the full cost of the book.

Children are able to purchase a reading folder from the school to keep their books safe.
