

## FIRE SAFETY

EYFS: 3.54, 3.55, 3.56

At Salisbury Day Care we make sure the nursery is a safe environment for children, parents, staff and visitors through our fire safety policy and procedures.

The designated fire marshal (-----) makes sure the nursery premises are compliant with fire safety regulations and seeks advice from the local fire safety officer as necessary, including following any major changes or alterations to the premises.

The designated fire marshal has overall responsibility for the fire drill and evacuation procedures. These are carried out and recorded every three months or as and when a large change occurs, e.g. a large intake of children or a new member of staff joins the Daycare. These drills will occur at different times of the day and on different days to ensure evacuations are possible under different circumstances and all children and staff participate in the rehearsals.

The designated fire marshal checks fire detection and control equipment and fire exits in line with the timescales in the checklist below.

### Fire checklist

## **Registration**

An accurate record of visitors must be kept in the visitor's book. These records must be taken out along with the register and emergency contacts list in the event of a fire.
